1. The first phase of the NIST Incident Response Lifecycle is Preparation. What are the other phases? Select three answers. 1 / 1 point

- [x] Containment, Eradication, and Recovery

  Nice work

  The three other phases of the NIST Incident Response Lifecycle are: Detection and Analysis; Containment, Eradication, and Recovery; and Post-Incident Activity.

- [x] Detection and Analysis

  Nice work

  The three other phases of the NIST Incident Response Lifecycle are: Detection and Analysis; Containment, Eradication, and Recovery; and Post-Incident Activity.

- [x] Post-Incident Activity

  Nice work

  The three other phases of the NIST Incident Response Lifecycle are: Detection and Analysis; Containment, Eradication, and Recovery; and Post-Incident Activity.

- [ ] Identify

2. What type of process is the NIST Incident Response Lifecycle? 1 / 1 point

- ( ) Synchronous
- (•) Cyclical
- ( ) Linear
- ( ) Observable

  Nice work

  The NIST Incident Response Lifecycle is a cyclical process. This means that phases in the lifecycle can be revisited or repeated as incident investigations progress.

3. Fill in the blank: An _____ is an observable occurrence on a network, system, or device. 1 / 1 point

- ( ) incident
- ( ) investigation
- ( ) analysis
- (•) event

  Nice work

  An event is an observable occurrence on a network, system, or device.

4. A security professional investigates an incident. Their goal is to gain information about the 5 W's, which include *what* happened and *why*. What are the other W's? Select three answers. 1 / 1 point

- [x] *Where* the incident took place

  Nice work

  The other W's are: *who* triggered the incident, *when* the incident took place, and *where* the incident took place.

- [x] *Who* triggered the incident

  Nice work

  The other W's are: *who* triggered the incident, *when* the incident took place, and *where* the incident took place.

- [ ] *Which* type of incident it was
- [x] *When* the incident took place

  Nice work

  The other W's are: who triggered the incident, when the incident took place, and where the incident took place.
