Clean-Label Super-Grain Snacking

Disrupting the \$2.8B Global Snack Market with Nutrient-Dense Ancient Millets

 Series A Pitch Deck

 100% Clean Label

 FY26 Traction: \$2.4M

MARKET INSIGHTS

Market Research & Shift

Consumer preferences are rapidly migrating from fried empty calories to functional, low-glycemic ancient grains.

Solving the Snack Paradox

- ✗ **The Legacy Problem:** Potato and corn chips deliver quick dopamine but cause sharp glycemic spikes and zero nutritional value.
- ✓ **The Millet Solution:** Air-popped Pearl Millet & Sorghum puffs deliver high-crunch taste with 3x fiber and low GI (< 55).
- 🎯 **Consumer Validation:** 91% taste preference rating in blind panels (\$n=1,200\$) using twin-screw low-shear extrusion technology.

Market Opportunity & Size

TAM / SAM OUTLOOK

\$2.80 Billion TAM

Global millet snack market growing at **10.3% CAGR** toward \$5.6B by 2033, propelled by government super-grain initiatives and wellness trends.

SAM: \$850M active urban millennial & health-conscious parent market in APAC & North America.

OUR 36-MONTH GOAL

\$35 Million SOM

Targeting direct capture via fast-growing Q-Commerce channels (Blinkit, Instamart, Zepto) and modern specialty organic trade outlets.

Catalyst: 38% customer repeat purchase rate driving compounding organic velocity.

FY25-26 Financial Traction

Strong unit economics validated over the last 12 months with disciplined burn and rapid retail expansion.

Balance Sheet & Current Debt

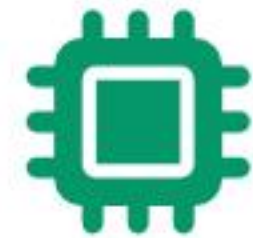

Asset / Liability Class	Description	Amount (\$)
Current Assets	Cash equivalents (\$620k), Inventory (\$210k), Receivables (\$180k)	\$1,010,000
Fixed Assets	Extrusion processing machinery & registered patents	\$570,000
Current Liabilities	Payables (\$140k) & revolving working capital line (\$110k)	\$250,000
Long-Term Debt	Equipment lease debt (6.8% rate, non-dilutive)	\$180,000
Net Equity Base	Clean capital structure with strong solvent runway	\$1,290,000

Competitive Moat & Edge

Clean Formulation

100% ancient millets with zero refined palm oil or artificial preservatives.
Truly guilt-free indulgence.

Extrusion IP

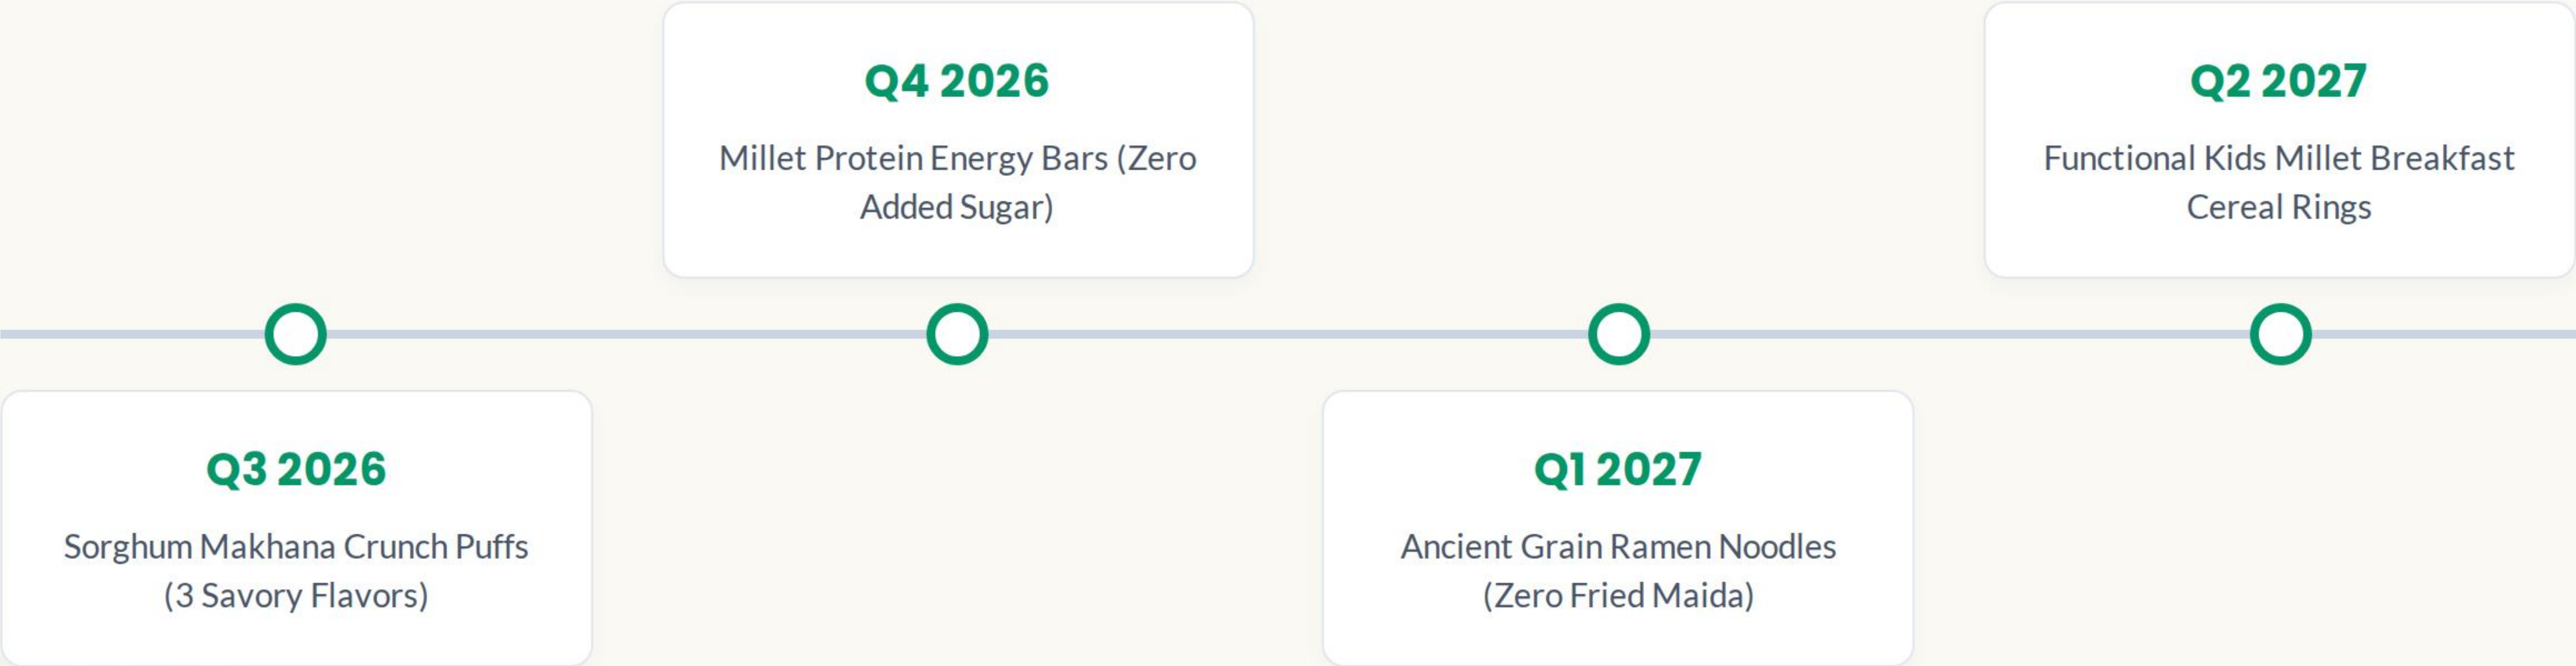

Proprietary low-shear extrusion process removes the raw grit of millets, creating market-leading crunch.

Farm Direct Moat

Direct contract farming agreement with millet co-ops unlocks 58% gross margin and raw grain price stability.

Product Pipeline & SKUs

Global Export Strategy

Expanding Global Footprint

Phase 1 (North America): Target South Asian diaspora & specialty natural grocery chains (Whole Foods, Sprouts).

Phase 2 (GCC & Europe): High demand for Halal-certified and Gluten-Free clean snacks.

Compliance Ready: US FDA Approved, ISO 22000, FSSAI Export Certified, and Non-GMO Verified.
