Instructions

If the Gemini Notebook app fails to load, navigate to the URL bar in your browser and manually enter notebook.gemini.com.

To use the features covered in this lab, sign into Gemini Notebook using your Google Account.

Lab tasks:

Go to Gemini Notebook, and select "Create a new notebook".

In the text box at the bottom of the screen, ask a question about your project. For example:

Step 2: Share your notebook with yo

In the same notebook, click the "Share" button at the top of the page.

Next steps:

The next time you're working on a complex project with multiple people, try adding all of your major documents related to the project in a notebook. Adjust the prompts to ask for whatever information you or other people need.

When you are satisfied with your outputs from this lab, you can close this page and return to the main screen of this cert.
