1. Which of the following is a correct description of the OSI model? (1/1 point)

- ☐ It is a model for network communication.
- ☐ It is a model for network security.
- ☐ It is a model for network management.
- ☒ It is a model for network architecture.

2. Which of the following is a correct description of the OSI model? (1/1 point)

- ☐ It is a model for network communication.
- ☐ It is a model for network security.
- ☐ It is a model for network management.
- ☒ It is a model for network architecture.

3. Which of the following is a correct description of the OSI model? (1/1 point)

- ☐ It is a model for network communication.
- ☐ It is a model for network security.
- ☐ It is a model for network management.
- ☒ It is a model for network architecture.

4. Which of the following is a correct description of the OSI model? (1/1 point)

- ☐ It is a model for network communication.
- ☐ It is a model for network security.
- ☐ It is a model for network management.
- ☒ It is a model for network architecture.
