I'm deeply impressed by the quality of the practice tests from Tutorial Dojo. They are extremely well-written, clean and on-par with the real exam questions. Their practice tests and cheat sheets were a huge help for me to achieve 958 / 1000 — 95.8 % on my first try for the AWS Certified Solution Architect Associate exam. Perfect 10/10 material. The best \$14 I've ever spent!
